

Instructions for Updating Conners 3[®] Scoring Software and MHS Assessment Center Records

Software Customers

This free update is available via the easy-to-use update feature in your Conners 3 Scoring Software.

1. Connect to the Internet.
2. Plug your Conners 3 Scoring Software USB key into your computer, and launch the Conners 3 Scoring Software.
3. From the Help menu, select Check for Updates. Your Conners 3 Scoring Software will check that an update is available.
4. Click Download from the Installation Wizard, then follow the procedures provided to install the update.

Online Customers

Conners 3 Online users can simply:

1. Login as usual to [MHS Assessment Center](#).
2. Administer the Conners 3 as usual.
3. Before generating a report, select the appropriate scoring option.
